Dear Honorable Members

The purpose of this letter is to request a revision to the Department of Health's Table of Organization for the Department 700 Director's Office. We are requesting the addition of a Government Services Analyst position, funded through the Local Public Health Agency Infrastructure Grant 2024A (Project #102111).

This position will strengthen the City's administrative and operational capacity and support the increasing needs for documentation, process improvement, data reporting, and performance management associated with the CityStat initiative. The role will be established as a term appointment through November 30, 2027.

Working under the strategic direction of the CityStat Program Manager, the Government Services Analyst will partner with department leadership and frontline staff to improve operational workflows and develop the procedures, training materials, and reporting tools necessary to sustain long-term improvements.

Action	Fund	Dept. #	# of Position (s)	Title	Class Code
Add	1504	700	1	Government Services Analyst	01625-214-G1

Funds are available to support these positions.

Thank you for considering my request. If you should have any questions or require any additional information, please do not hesitate to contact me at 657-1595.

Sincerely,

Victoria Anwuri, MPH
Commissioner of Health
